D-Carrier utilized this code for charges not previously submitted for review. All required TWCC documentation has been submitted to Carrier.

PART IV: RESPONDENT'S POSITION SUMMARY

The carrier's reimbursement complies with the requirements of Section 413.011(b) of the Texas Labor Code and Commission rules and is fair and reasonable.

PART V: MEDICAL DISPUTE RESOLUTION REVIEW SUMMARY, METHODOLOGY, AND/OR EXPLANATION

This dispute relates to inpatient services provided in hospital setting with reimbursement subject to the provisions of Rule 134.401 (Acute Care Inpatient Hospital Fee Guideline). The hospital has requested reimbursement according to the stop-loss method contained in that rule. Rule 134.401(c)(6) establishes that the stop-loss method is to be used for "unusually costly services." The explanation that follows this paragraph indicates that in order to determine if "unusually costly services" were provided, the admission must not only exceed \$40,000 in total audited charges, but also involve "unusually extensive services."

The discharge summary indicates that claimant underwent, "Removal of posterior spinal segmental hardware, 1/10/03; Exploration of lumbar spinal fusion mass; Excision of pseudoarthrosis, L3-4; and Posterior lumbar fusion, L3-4." "Postoperatively, the patient did well."

After reviewing the documentation provided by both parties, it does **not** appear that this particular admission involved "unusually extensive services." Accordingly, the stop-loss method does not apply and the reimbursement is to be based on the per diem plus carve-out methodology described in the same rule.

The total length of stay for this admission was 4 days (consisting of 4 days for surgical). Accordingly, the standard per diem amount due for this admission is equal to \$4472.00(4 times \$1,118.00). In addition, the hospital is entitled to additional reimbursement for (implantables/MRIs/CAT Scans/pharmaceuticals) as follows:

The requestor billed \$33,518.00 for implantables.

Submitted invoice to support charges = \$9,609.50 + 10% = \$10,570.45.

TOTAL of Invoices and Per Diem/ Surgery \$10,570.45+ \$4472.00= \$15,042.45

The insurance carrier paid \$50,641.79 for the inpatient hospitalization.

Considering the reimbursement amount calculated in accordance with the provisions of rule 134.401(c) compared with the amount previously paid by the insurance carrier, we find that additional reimbursement is not due for these services.

PART VI: COMMISSION DECISION

Based upon the review of the disputed healthcare services, the Medical Review Division has determined that the requestor is **not** entitled to additional reimbursement.
